The Family

If you have a cat, or dog keep it in well before the move time or better still book them in a cattery or Kennel near your new property.

Moving can be very stressful for animals, especially keep an eye on that cat as when you are in your new home he may wonder or even go back to the old house it has happened.

Have games & books for the children during the trip.

If you do take the pets with you on your move make sure you have drinking water and bowls for food if it is a long Journey, if pets are travel sick talk to your vet first.

Keep a bag of personal items.

Take extra cash.

Have a good supply of food and drink
